## Account Application Received

We received your application. A mail with further instructions has been sent to the email address

### If You Do not Receive the Instructions

If you do not receive our mail with instruction on how to create an account, please read the following information.

Our mail server normally sends all mail within a few seconds. The following is an incomplete list of possible reasons for the problem.

*Incorrectly typed email address*

This is still the most likely cause of delays.

*Slow mail processing*

Some mail servers process mail for a long time. For example, your mail server may spend a lot of time checking incoming mail for spam.

*"Reply-me" mail protection.*

Some mailers, when receiving a mail from an unknown sender, ask the sender to send a mail with specific content to ensure that it has been sent by a human. Account-related emails in EasyChair are sent by a computer program, so if your email address uses such a protection, you will never get our mail. If you have such a protection and it is configurable, configure it to accept mail from the domain easychair.org.

*Mail box problems and quotas*

Some mail sent by EasyChair bounces back because the mail box of the receiver is over quota.

*Anti-spam filters*

It is possible that your spam filters will classify our mail as spam. Please check your spam mail boxes.

*General connection problems*

There might be general connection problems, for example your mail server may be unreachable for a long time.

Unfortunately, we have no resources to cope with all possible kinds of mail server (mis)behavior. If you believe you have a problem related to your mail server and want to solve it quickly, try to get and use an email address from one of major mail hosts, such as a Google Mail, Yahoo Mail, or Hotmail. You will be able to change your email address in EasyChair or have multiple email addresses associated with your account later.

You can repeat your application at any time. Another email will be sent to you.

Esperamos unos segundos y abrimos nuestro correo. Veremos que llega un mensaje de EasyChair con el siguiente texto:

We received a request to create an EasyChair account for you. To create an EasyChair account, please click this link:

Best regards,
